10x10_letter_apriltag 10x10 squares 20.3200 mm pitch marker 15.000 mm DICT_APRILTAG_36h11

Print at 100% / actual size -- no 'fit to page', no scaling.

Then measure this bar. If it is not 100.0 mm, the print is scaled:

measure one square with calipers and set SQUARE_MM in this notebook.

Mount on glass or foam board. Paper curl is a systematic bias.
